Robot Blu Hi Rad Inspection Robot

Robot Blu is a custom tracked Hi Rad Inspection robot for going into tight spaces with low clearance height. It includes a pan and tilt camera with 30X optical zoom.

Robot Blu comes programmed, fully assembled, and is controlled by a tablet tethered in on a 100' spool real stand. Video feed can be recorded on the tablet and still pictures can be taken for later viewing or live video can be viewed and recorded in Security Center.
